Beat Practice: I

- 1. Title of the Practic:** *Value Added Training Programs Imparted by the Institute*
- 2. Objectives of the Practice:** Train the students to meet the growing demands of corporate sector and thereby to increase the employability of the students through campus placement.
- 3. The Context:** The Institute is affiliated to University of Mumbai and follows its curriculum and academic structure designed by the University. Obviously the pace of updating the syllabus in response to the needs of industry cannot be maintained. The majority of the students admitted in institute are lacking in communication skills and soft skills since the institute is located in rural area of Raigad District. All this contributed to lower selection rate in recruitment drives of various companies.

Institute identified where improvement was needed:

- i. Students lack in aptitude skills.
- ii. Students are weak in communication skills.
- iii. Students also lack in basic technological inputs.
- iv. Lack of awareness among students about importance of aptitude tests.

To improve upon the above the new policy was planned and implemented by the institute.

- 4. The Practice:** The policy consisted of the methodology and schedule of imparting various inputs to the students in order to improve the performance of students in recruitment drives. The inputs were subdivided into systematically design training modules catering to communication skills, domain knowledge and soft skills. In order to make the students aware of the importance of various skills i.e. aptitude, communication, soft skills and technical skills, counselling sessions were conducted with collaboration of *Campus Credential, Thane and*

Amplitude Technology, Karjat. A representative schedule of inputs to be provided to students at various levels, duration and mode of implementation is shown below:

Academic Year	Semester	Program	Resource Agency	Duration
2018-19	V & VI	Soft skill and Aptitude training	Mr. Sunit N. Danke Amplitude Technologies, Karjat	21 hrs (Twice in a year)
	VII & VIII	Communication skill, Aptitude training and group discussions	Mr. Vinay Raikar, Campus Credential, Thane	30 hrs (Twice in a year)

5. Evidence of Success: The success rate in aptitude test / screening test was found improved in recruitment drive of various companies. Table shows the comparison of student's performance in Value Added Training for academic year 2018-19.

Sr. No.	Class	Agency	Program	Registered Students	Successfully Completed Students	Percentage (%)
01	TE	Amplitude Technologies, Karjat	Soft skill and Aptitude training	90	88	97.78
02	BE	Campus Credential, Thane	Communication skill, Aptitude training and group discussions	287	273	95.12

6. Problems Encountered and Resources Required:

- One of the major problems faced was the availability of time. Giving these extra inputs as per the planned schedule was difficult to adjust in the academic schedule.
- Another challenge was to evoke the response of the students for the activity scheduled in extra time.
- Need of additional financial resources to impart these training was another hurdle.
